Description of Ray: Late 20s/early 30s, disheveled and unshaven. The stereotypical underachieving slacker. Smart, but you wouldn't know it by looking at him.

Int. Ray's Apartment – Bedroom – Night

We're in tight on the alarm clock on Ray's nightstand. It's 2:17 A.M.

Page 12/Panel 2

We're out wide from above Ray's bed. He's asleep, his mouth wide open as he drools all over his pillow.

Int. Ray's Apartment – Night

We're in tight on the hat.

Page 12/Panel 4

Same shot as previously, only this time a colorful smoke billows out of the hat, rising upwards.

Page 12/Panel 5

We're in tight on the fire alarm that hangs from the ceiling. The colorful smoke sets it off.

SFX: MEEP! MEEP!

Page 13/Panel 1

We're out wide as a confused Ray appears in the doorway of his bedroom. He's sporting some major bed head.

Ray

How did the hat catch fire?

SFX: MEEP! MEEP!

Voice (from inside hat)

Raaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaay!

Page 13/Panel 3

Ray backs away from the hat, frightened.

SFX: MEEP! MEEP!

Page 13/Panel 5

We're out wide as a flabbergasted Ray has backed himself against the wall. The hand crawls towards him. The hat has fallen from the trash onto the floor.

We're in tight on Ray's shocked face.

Ray

This isn't real. None of this is happening.

We're out wide on the hat as octopus-like tentacles slither out of the opening.

SFX: MEEP! MEEP!

Page 14/Panel 2

We're in tight on the hand as it clamps down on Ray's ankle.

SFX: MEEP! MEEP!

Voice (from hat)

There is no escape from magic, Ray.

Page 14/Panel 3

We're out wide as the tentacles surround Ray, pinning his arms to his body.

Voice (from hat)

It's inside you.

SFX: MEEP! MEEP!

Page 14/Panel 4

We're out wide as Ray is dragged across the floor towards the opening of the hat.

Voice (from hat)

And now you're inside it!

Ray

Nooooooooooooo!

SFX: MEEP! MEEP!

Page 15/Panel 1

We're out wide as Ray is sucked into the opening of the hat, a tentacle wrapped around his mouth to keep him from screaming. Ray's eyes are wide... Terrified.

Ext. Magicverse – Field of Flowers – Day

We're out wide on an odd landscape. The sky looks like a psychedelic lava lamp with the clouds bubbling around instead of just floating by. The grass is a field of flowers, much like the bouquet Ray received at the Magic Castle. It's quiet... Serene.

Page 16/Panel 2

Same shot as previous, only this time a black hole has opened up in the sky. Ray falls from the hole.

Page 16/Panel 3

We're out wide as Ray as he crashes down onto the ground, crushing the flowers.

SFX: THUD!

Ray
The word "oww" comes to mind.

Page 16/Panel 4

We're in tight on Ray as he sits up and takes in his surroundings.

Whoa!
Ray

Where in the world am I?
Ray

Not where in the world...
Poof (off)

Page 16/Panel 5

We're out wide as Ray turns, shocked to find POOF, a six-foot tall talking white rabbit, standing in front of him.

Poof
Where in the magicverse!
